WASHINGTON WIRE

Proposed Reduction of Number of Letter Carriers Under Discussion in the Senate.

CUBAN BELLIGERENCY AGAIN

An Appeal from a Decision of the Chair Causes a Somewhat Sensational Scene—Statehood Bills in Committee on Territories.

Washington, Jan. 19.—In the senate the investigation of the civil service by the senate committee was resumed today. Chief Clerk E. D. Bailey, of the chief examiner's office of the civil service commission, advised the general reclassification of government offices. The present grouping he described as accidental, based on salaries, while he believed it should be based on the kind of work done, which would be of great advantage in preparing the examination.

Not a Filler.
Washington, Del., Jan. 19.—Captain Murphy, charged with filibustering in connection with the steamboat Laurada, was today declared not guilty by the jury.

Colorado Coal Miners Strike.
A Demand for An Increase of Wages is Followed by Closing Down All Mines in Northern Part of the State.

Lafayette, Colo., Jan. 19.—At a joint meeting of the four district coal miners' unions, comprising Marshall, Louisville, Erie and Lafayette, resolutions were unanimously adopted demanding an increase of wages and all miners were ordered out. This practically closes down the entire northern Colorado coal fields and 1,300 men are idle.

Striking Cotton Workers Quiet.
Boston, Jan. 19.—At the cotton manufacturing centers, New Bedford, Biddeford and Lewiston, in which strikes are in progress, everything is quiet. Secretary Hart, of the New Bedford union, looks for no particular change in the situation for at least two weeks.

ALBUQUERQUE DITCH TROUBLES.

Low Line Ditch Surveying Party Driven Off by Land Owners—An Injunction Granted by Judge Crumpacker.

The owners of the property, over which the surveying party of the ditch company at Albuquerque were to proceed, gathered in large numbers on Monday at the place where the crew was about to commence their work and commanded them not to trespass on their land. The surveying party, under Engineer Harroun, numbered ten men, and as they were greatly outnumbered, no resistance was made and there was not a sign of violence. Judge T. C. Gutierrez acted as spokesman for the assembled farmers and simply stated that it was their land, and that they had come to see that others did not trespass on it, says the Albuquerque Citizen.

With this the surveyors beat a retreat back to the city, and Sheriff Hubbell was notified, who immediately proceeded to the place where the opposition to the ditch were gathered from all sides. He said there were then about 300 men there assembled on horseback.

In the afternoon, in the case of the Albuquerque Land & Irrigation Company vs. Tomas C. Gutierrez, Pedro Griego y Apodaca, Jesus Samora, Devito Jaramillo and Leon Montoya, their agents, confederates and assistants, the defendants were enjoined by Judge Crumpacker to henceforth refrain from hindering, obstructing and delaying the plaintiff, its servants and employees from proceeding with the examination and surveying by preventing their entrance upon and along the land lying and being near the proposed route for the canal, ditch and pipe line beginning at a point on the east side of the Rio Grande and extending south to the Indian village of San Felipe.

The defendants are to make answer before Judge Crumpacker at the court house, January 25, at 10 a. m., why a permanent injunction should not be issued against them.

Mr. Harroun was seen by a reporter and gave the following account of the events which transpired at the seat of operations:

"On last Saturday, about 4:30 o'clock in the afternoon, T. C. Gutierrez and

party, about 12 men, came up to the surveying party, as they were about to enter what he (Gutierrez) said was his land, and preventing the surveyors from prosecuting their work by placing themselves in front of the instruments. Seeing that he would not be allowed to continue, work was stopped for that day. Mr. Gutierrez pursued the same course this morning, there being in the party about 25 men, and knowing that it was useless to attempt to do any surveying, I stopped work, and with my corps came back to the city."

TOPICS AT TAOS.

A Readable Assortment of Social, Business and Mining News Specially Reported.

Special Correspondence New Mexican.

Taos, Jan. 17, 1898.—On Friday evening last, Taos was astonished to learn the news of the marriage of Dr. T. P. Martin to Mrs. Arthur, Rev. John M. Whitlock performing the ceremony on Thursday evening. Both bride and groom are well known in this section and Dr. Martin is also well known in Santa Fe and other sections of the territory. The doctor's marriage was quite a surprise even to his most intimate friends, but congratulations are in order and all the world loves a lover.

Mr. A. Schenrich, ex-chairman of the board of county commissioners, since his return from Santa Fe, has been quite sick.

Mr. A. W. Tennant has proved himself possessed of much business acumen by having obtained control of the valuable coal deposits along the route of the proposed Las Vegas and Taos railroad.

Our genial Joe Morris has provided the Liebert hotel with a mistress, Miss Nellie Russell having consented to accord him the comfort of her companionship for life. Both Mr. and Mrs. Morris are deservedly popular and of the elite of Taos.

Mr. Preston, a civil engineer for the Maxwell Land Grant company, was over from Elizabethtown last week gathering statistics as to the amount of imports and exports of this county for use by this company to induce the Santa Fe R. Co. to build this way from Cimarron canon.

Mr. Abe Smith, the leading merchant of Penasco, is in Taos looking after his property and other business interests. The family of Mr. Jno. M. Whitlock left last Monday for Santa Fe for a protracted visit.

Marriages are the order of the day. On the 15th, at Arroyo Seco, Rev. Jno. M. Whitlock united in marriage Tomas Gonzales and Miss Delina Lucero, the latter formerly a resident of Las Colinas.

Saturday evening a farewell dance was given to Doctor and Mrs. F. B. Romero, who returned on Monday to Las Vegas, accompanied by Miss Julia Barron, who will remain several weeks. All of the best set attended the ball and it was with feelings of sincere regret that farewells were exchanged as during their limited sojourn here the doctor and his wife endeavored themselves to all who have had the honor of their acquaintance.

Our community has sustained another social loss, as Padre Collier, who for some time past has been assistant to Padre Pouget, has been transferred to Tierra Amarilla.

Mrs. B. Gusdorf and elder daughter, Miss Elsie, are sufficiently indisposed to be confined to their home.

William Gillis has a fine collection of ores from Red River and vicinity, which he intends to place on exhibition in Denver. There are many claims in Red River on which work is being steadily pushed and which are prepared to commence shipping. In this collection is ore from the Shoshone mine on Gold Hill in the Red River mining district on which a force of men is steadily at work. Located in 1893, this claim was bonded to Gusdorf Bros., of Taos, in 1896; was purchased by them January 1, 1898. Assays run from \$25 to \$8,000 per ton. This mine is a shipper. The last car, ten tons, notwithstanding the large expense of burro and railroad transportation, netted the owners \$400.

LAS VEGAS NOTES.

W. P. Nott, the genial superintendent of the Harvey eating house system of New Mexico, has just received news from Dawson City that his mining claim there is an extremely good one.

The management of the Jewish fair is receiving presents from all over the country. A consignment of handsome pictures, some 30 in number, came to hand on Monday.

The marriage of Miss Apolonia Serano and Mr. E. H. Salazar took place at the west side Catholic church last evening at 7 o'clock. The ceremony was performed by Father Defouri, the padrines being Mr. and Mrs. Joe Lopez and Mr. and Mrs. Dionicio Silva. The Lira society attended in a body, as Mr. Salazar is the president of the society.

Agapito Mares' house was broken into and robbed on Saturday night. The thieves took 200 pounds of flour, 20 pounds of lard and everything else in the eating line they could find, leaving him without anything to eat. As the next day was Sunday and the stores all closed nothing could be bought and he had to borrow enough from neighbors to carry him over the day.

Henry Bennett, the Topeka contractor, who was here to look at the plans and specifications for the new Depot hotel, expressed himself delighted with the native red sand stone here. Indeed, he said the stone here was the equal of any he ever saw from Vermont, and that if he had a quarry of it near Topeka he would be satisfied for the rest of his life, to sit down and look at it, says the Optic.

A big meeting of the committee appointed for the management of the Catholic fair was held at the office of E. H. Salazar on Sunday afternoon. Many matters of importance were discussed. It was decided to have three voting contests, one between the two Catholic parishes here, one for the most popular lady in San Miguel county, married or single, and another for the most popular child in Las Vegas. It was also decided that an entertainment should be given by the Sisters of Loreto and the Christian Brothers each. The last night of the fair a grand ball will be given. The Las Vegas military band has been secured to discourse music for the occasion.

High Priced Calves.
J. F. Rarey last week bought of R. S. Benson, for Hudson & Casey, of Pecos, 76 bull calves, paying \$2,000 for the lot. The calves were raised on the famous Tansill farm, south of Eddy, says the Argus. Some of them were over six months old, and the greater number were only three months. Shipment was made to the Pecos buyers Saturday. After they were loaded an offer of \$45 a head was made for them. This is the best price yet received for calves. Forty dollars a head was paid in the Roswell country, but the calves were not delivered until they were over a year old. Cattlemen are anxious to contract for future delivery, and the man who is engaged in raising fine grade stock can already count the money from prospective sales.

Just received at Scheurich's: G. H. Mumm's Ex. Dry, Chateau De Corbiac, Wachenheimer and other imported wines.
